

LATEST REVOLUTIONARY CONCEPT FROM THE LEADERS

Protected by the United States and Foreign Patent Laws

SX SERIES SHELL-AND-TUBE EVAPORATOR

HIGHER EFFICIENCY

LOWER REFRIGERANT CHARGE

- Integrity of a Shell-and-Tube
- Superior Heat Transfer compared to Flooded Shell-and-Tube
- 20 to 50 times less Refrigerant Charge/TR compared to Flooded Shell-and-Tube
- 5 to 10 times less Refrigerant Charge/TR compared to Flooded Plate-and-Frame
- Process Fluid in the Tubes-Easy Cleanability
- Simple Oil Management
- User Friendly Control System

Manufacturer of Heat Transfer and Refrigeration Equipment

7401 Commercial Blvd. East, Arlington, Texas 76001

Ph: (817) 472-9922

Fax: (817) 472-5878
